December 23, 2009

Dear Floridians:

I am pleased to submit the 2008 Annual Report of the Florida Office of Insurance Regulation for the 2008 Calendar Year, in compliance with Section 624.315, Florida Statutes.

I am filing this copy simultaneously with the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, the chairs of the legislative committees with jurisdiction over matters of insurance, and the Governor. Anyone with Internet access may also view the report and similar associated information on the Office's website, www.floir.com.

This report contains all of the information the Office is required by statute to publish annually, and each section indicates the specific statutory reference. Please note the Office's website contains a myriad of insurance industry information and links to other insurance related websites. If you have any questions about the contents of this report or the affairs of the Florida Office of Insurance Regulation, please do not hesitate to contact my office.

Sincerely,

Kevin M. McCarty

...

KEVIN M. MCCARTY • COMMISSIONER

Office Activities

This section is a brief summary of the major activities and accomplishments of the Office of Insurance Regulation during the 2009 Calendar Year.

THE OFFICE OF INSURANCE REGULATION

The Florida Legislature created the Office of Insurance Regulation (Office) in 2003:

“The Office of Insurance Regulation, which shall be responsible for all activities concerning insurers and other risk bearing entities, including licensing, rates, policy forms, market conduct, claims, issuance of certificates of authority, solvency, viatical settlements, premium financing, and administrative supervision, as provided under the insurance code or chapter 636. The head of the Office of Insurance Regulation is the Director of the Office of Insurance Regulation, who may also be known as the Commissioner of Insurance Regulation.”

--Section 20.121(3)(a)1, Florida Statutes

The Insurance Commissioner is appointed by, and reports to, the Financial Services Commission (FSC). The Commission is comprised of the Governor, the Attorney General, the Chief Financial Officer, and the Commissioner of Agriculture. The Commission serves as agency head for purposes of rulemaking pursuant to Sections 120.536-120.565. F.S. Commission action is taken by majority vote. The Commissioner of Insurance Regulation is considered the agency head for purposes of final agency action for all areas within the regulatory authority delegated to the Office.

The Office is, for purposes of administrative, personnel, and technology support, housed within the Department of Financial Services (DFS). Office funding is appropriated directly by the Legislature from the Insurance Regulatory Trust Fund, funded by insurance company licensing fees, fines that may be levied for non-compliance with provisions of the Insurance Code, and a portion of premium tax paid by surplus lines carriers transacting insurance in this State.

Vision

The Florida Office of Insurance Regulation envisions a robust and competitive insurance market that provides protection for the Florida insurance-buying public.

Mission Statement

To ensure that insurance companies licensed to do business in Florida are financially viable; operating within the laws and regulations governing the insurance industry; and offering insurance products at fair and adequate rates which do not unfairly discriminate against the buying public.

Insurance Regulation and the Department of Financial Services

The Office's interaction with the insurance regulatory responsibilities assigned to DFS occurs in several instances: Consumer complaints received by the DFS Division of Consumer Services may constitute patterns of company practices in violation of the Insurance Code and are referred to the Office's Market Investigation unit for investigation. In turn, Market Investigation examinations may discover potential fraudulent actions that are referred to and worked with the law enforcement personnel of the DFS Division of Insurance Fraud. In some instances, such investigations involve insurance agents licensed by the DFS Division of Agent and Agency Services and Office staff will work with the DFS to assist in making cases with the Division's Bureau of Agent Investigations. In instances where an insurance company's financial condition has significantly deteriorated to the point of insolvency, the Office may refer a company to the DFS Division of Rehabilitation and Liquidation.

Administrative Overview

As previously noted, the Office is administratively housed within DFS. In statute, that relationship is expressed in this excerpt of Section 20.121, F.S., emphasis provided: 20.121 Department of Financial Services.—

(3) **FINANCIAL SERVICES COMMISSION.**--Effective January 7, 2003, there is created within the Department of Financial Services the Financial Services Commission, composed of the Governor, the Attorney General, the Chief Financial Officer, and the Commissioner of Agriculture, which shall for purposes of this section be referred to as

the commission. Commission members shall serve as agency head of the Financial Services Commission. **The commission shall be a separate budget entity and shall be exempt from the provisions of s. 20.052.** Commission action shall be by majority vote consisting of at least three affirmative votes. **The commission shall not be subject to control, supervision, or direction by the Department of Financial Services in any manner, including purchasing, transactions involving real or personal property, personnel, or budgetary matters.**

(e) *Administrative support.*--The offices shall have a sufficient number of attorneys, examiners, investigators, other professional personnel to carry out their responsibilities and administrative personnel as determined annually in the appropriations process. **The Department of Financial Services shall provide administrative and information systems support to the offices.**

Pursuant to this provision, the Office develops and presents its budget requests directly to the Executive Office of the Governor and the Florida Legislature. The Office has developed performance measures and standards to assess the performance of its activities in support of its budget requests.

With respect to the Office's interaction with DFS in matters involving administrative support, the Office has inherited the responsibility to directly manage its personnel matters - i.e., to recruit, advertise, and hire personnel -- subject to DFS personnel office review for compliance with required state agency hiring and personnel policies and procedures.

With respect to the Office's interaction with DFS in matters involving information systems support, the Office seeks independent and project-specific appropriations for technology initiatives and upgrades. The Office has direct liaison with DFS technology support staff; and it is the DFS Division of Information Systems that provides the Office with standard desktop, network, and programming assistance for integrated computer systems in use by both the Office and DFS.

Legislative Achievements

Property Insurance Reform - 2008

The 2008 Florida Legislature enacted property insurance reform legislation on the following topics:

Homeowners' Bill of Rights Act

- Eliminates the option for an insurer to appeal a property and casualty insurance rate filing the Office to an arbitration panel in lieu of an administrative hearing.
- Extends for one additional year, until December 31, 2009, the current prohibition on insurers using the "use and file" option for property insurance rate increases. This would continue to require that an insurer make a "file and use" filing that prohibits an insurer from increasing its rates prior to Office approval.
- Requires that projected hurricane losses included in rate filings must be estimated using a model or method found to be accurate or reliable by the Florida Commission on Hurricane Loss Projection Methodology.
- Deletes the requirement that the Office approve a profit factor in a rate filing for an insurer that is commensurate with the risk, for that portion of the rate covering hurricane losses for which the insurer has not purchased reinsurance.

For complete and detailed summary of the 2008 legislation, visit [2008 OIR Legislative Summary](#).

Life & Health Insurance Reform - 2008

The 2008 Florida Legislature enacted other pieces of legislation, directly related to life and health insurance issues that will have a profound effect on Florida's consumers and insurance market:

John and Patricia Seibel Act

- Increased penalties for specified unfair or deceptive insurance practices related to the sale of life insurance and annuity contracts. It also strengthens the standards for making recommendations to seniors about the appropriateness of purchasing annuities.
- Strengthened the standards that apply to recommendations to a senior consumer to purchase an annuity contract.
- Increased the "free look" period from 10 days to 14 days. Following the purchase of a life insurance or fixed annuity, the consumer has a "free look" period in which they can request a refund at no charge. Expanded this benefit to all annuities, not merely "fixed" annuities.

Cover Florida Health Access Program Act

- Designed to provide affordable health care options for uninsured residents.

Health Flex Plan Program

- Expanded the population eligible to purchase health flex plans by raising the family income limit from 200 to 300 percent of the federal poverty level (FPL).

Florida Health Choices Program

- Designed to be a single, centralized market for the sale and purchase of health care products including, but not limited to: health insurance plans, HMO plans, prepaid services, service contracts, and flexible spending accounts. Exempted products sold as part of the program from regulation under the Insurance Code and laws governing health maintenance organizations.

Florida KidCare Program

- Expanded eligibility and enrollment for the KidCare program by eliminating the 10 percent cap on enrollment for MediKids (ages 1-5) and Healthy Kids (ages 6-19) enrollees who have a family income of greater than 200 percent of the FPL and pay full premiums.

Dependent Coverage

- Required individual and group health insurers and HMOs to offer policyholders and certificate holders (parents) the option to continue coverage of their children on their family policy until age 30, if the child is: (1) unmarried with no dependents; (2) a resident of Florida or a full-time or part-time student; and (3) does not have insurance coverage under any private or public plan.
- Required dependents to be covered until age 25 if the child is dependent on the parent for support and if the child either lives in the household of the parent or is a full-time or part-time student. This requirement previously applied only to group health insurance policies, which the bill expanded to include individual health insurance policies and all HMO contracts.

For complete and detailed summary of the 2008 legislation, visit [2008 OIR Legislative Summary](#).

Technology Initiatives

Data Collection and Analysis Modules (DCAM)

The DCAM system is housed within the Office of Insurance Regulation's (Office) I-Portal (an Internet based access point for companies to electronically submit required filings). DCAM administers both ad hoc and standardized data collection events including, but not limited to, informational documents, surveys, questionnaires and numeric data.

This system provides the Office with quicker access to important company data. It can be used to collect a three-question, one-time survey directed to five insurers or for a daily collection of up to 1.9 million rows of data each from more than 1,000 individual reporting entities. DCAM provides a feature that allows entities and/or individuals not formally recorded in the Office's existing databases to file reports and data with the Office; this increases the scope of potential respondents.

In 2008, DCAM handled the Florida Legislature's Office of Program Policy Analysis and Government Accountability's (OPPAGA) Long-Term Care Partnership Survey. DCAM was also used to facilitate data collection for the Office's Unfair Discrimination Because of Travel Plans Calendar Year Report (Freedom to Travel) survey. DCAM can be used for the collection of data for damage caused by a catastrophic event, such as for a tropical storm or hurricane.

Media Call Tracking System

The Office receives over 1,000 calls each year from state, local and national media outlets often seeking industry data and requesting the Office's position on issues affecting Florida and the nation. The new system leverages current technology to track incoming media calls. The system collects the name of the person calling, the organization they represent, contact information, as well as specific questions asked and responses provided by the Office. The system boasts a search function allowing easier access to historical information requests and allows searches based on reporter name, media outlet, or keyword. Consequently, it has also improved response time to media inquiries.

Medicare Supplement Rate Comparison System

Medicare Supplement Insurance (also called "Medigap") is a private supplemental health insurance for medical expenses not covered by the federal Medicare program. The Office's online Medicare Supplement Rate Comparison System has several components including the collection system for policies sold in Florida, and an internal system to facilitate review of Medicare Supplement filings.

This system offers an interactive search function to the public that allows seniors to shop and compare rates for Medicare Supplement Insurance sold in Florida. The interface includes a clickable county-by-county map of Florida to view cost estimates for health insurance rates vary by county.

Quarterly and Supplemental Reporting System Next Generation (QUASRng)

In 2008, the Office launched the newest revision of the Quarterly and Supplemental Reporting System (QUASR) -- the Quarterly and Supplemental Reporting System Next Generation (QUASRng). First established in 1996, the original purpose of QUASR was to help the Office monitor the state moratorium prohibiting insurers from cancelling or non-renewing personal and commercial residential policies subsequent to Hurricane Andrew in 1992.

Since its inception, the QUASR system - now QUASRng has been instrumental in assisting the Office in analyzing the Florida insurance marketplace by providing market share data by policy types, and in assisting the Office in monitoring the influence of the residual market. The more recent version is fully compatible with the Office's I-Portal and DCAM systems, and improves the granularity of the data allowing for more in-depth analysis. The current version also features a public component. Beginning in 2009, the public will be able to directly query statistical data for Florida's personal

and commercial residential marketplace through the Office's Web site
<https://apps.fldfs.com/QSRNG/Reports/ReportCriteriaWizard.aspx>.

Florida's National Leadership Role

The National Association of Insurance Commissioners (NAIC) is the organization of insurance regulators from the 50 states, the District of Columbia and the five U.S. territories. The NAIC provides a forum for the development of uniform insurance regulatory policy, when uniformity is appropriate.

The National Association of Insurance Commissioners (NAIC)

The National Association of Insurance Commissioners (NAIC) is the organization of insurance regulators from the 50 states, the District of Columbia and the five U.S. territories. The NAIC provides a forum for the development of uniform insurance regulatory policy, when uniformity is appropriate.

State insurance regulators created the NAIC in 1871 to address the need to coordinate regulation of multi-state insurers. The first major step in that process was the development of uniform financial reporting by insurance companies.

Since then, new legislative concepts, new levels of expertise in data collection and delivery, and a commitment to even greater technological capability have moved the NAIC forward into its role as a multidimensional, regulatory support organization.

With offices in Kansas City, Missouri, New York and Washington, D.C., the NAIC staff provide invaluable support and information to insurance regulators, companies and consumers.

The mission of the NAIC is to assist state insurance regulators, individually and collectively, in serving the public interest and achieving insurance regulatory goals in a responsive, efficient and cost effective manner, consistent with the wishes of its members.

Florida and the NAIC

Florida has exercised leadership within the NAIC by serving as Chair or Vice Chair of significant standing committees and continues to be actively involved in several key committees of the NAIC. At the Winter National Meeting in December 2008, Commissioner McCarty was elected by his peers to become the NAIC's secretary-treasurer.

National Conference of Insurance Legislators (NCOIL)

The National Conference of Insurance Legislators (NCOIL) is an organization of state legislators whose main area of public policy concern is insurance legislation and regulation. Many legislators active in NCOIL either chair or are members of the committees responsible for insurance legislation in their respective state houses across the country.

NCOIL's primary goals are to:

- Educate state legislators on current and perennial insurance issues;
- Help state legislators from different states interface effectively with each other;
- Improve the quality of insurance regulation;
- Assert the prerogative of legislators in making state policy when it comes to insurance; and
- Speak on Congressional initiatives that attempt to encroach upon state primacy in overseeing insurance.

Florida and NCOIL

Office staff participates in and attends NCOIL committee meetings, special subcommittee meetings, roundtable discussions, and general sessions.

Business Units of the Office of Insurance Regulation

All business units and functions within the Office of Insurance Regulation are divided into one of two program areas also known as budget entities: Executive Direction and Support and Compliance and Enforcement.

Executive Direction and Support provides overall direction in carrying out the Office's statutory and administrative responsibilities. Executive Direction and Support includes the Commissioner's Office, Office of the General Counsel/Legal Services and the Office of the Inspector General.

The remaining areas of the Office fall under the Compliance and Enforcement program area. This service protects the public through regulatory oversight of company solvency, policy forms and rates and market investigations performance.

Office of the Commissioner

Commissioner of Insurance Regulation

The Commissioner of Florida's Office of Insurance Regulation provides the Office's policy and executive leadership. The Commissioner is the agency head for purposes of final agency action for all areas within the regulatory authority delegated to the Office in Florida Statutes.

The Commissioner serves as a member of the NAIC. Participation at the NAIC affords the Office the opportunity to take part in resolving major insurance issues and contribute to the development of national policies.

Office of Chief Economist

Reporting directly to the Commissioner, the Office of Chief Economist is charged with the responsibility to research the economic impact associated with emerging regulatory issues, to produce the annual Workers' Compensation and Medical Malpractice Market Reports, and to provide the Office with the ability to produce complex data-driven analyses of the Florida insurance markets.

Office of Inspector General

The Office of Inspector General is the central point within the Office for coordination of and responsibility for activities that promote accountability, integrity and efficiency. This is accomplished by:

- Conducting internal audits, investigation services, performance measure assessments, management reviews and other accountability activities, in accordance with professional standards and, where applicable, federal and state laws and rules;
- Providing business and technical consultation services;
- Promoting accountability, integrity, economy, efficiency, effectiveness and cost-effectiveness of the Office's operations and administration.

Legal Services

Office of General Counsel

The Office of General Counsel and Legal Services provides legal counsel to the Commissioner of Insurance Regulation, represents the Office in judicial, administrative and rule-making proceedings, provides legal assistance, coordination and oversight to the Market Investigations Business Unit.

The Legal Services Unit is organized into two principal legal sections:

Regulatory Actions Section

- Provides legal counsel to the Commissioner and staff on all matters related to the regulation of insurers.
- Responds to requests for legal opinions from inside and outside the Office.
- Advises the Commissioner and Office staff on a daily basis on all legal matters.
- Assists in the development and analysis of new legislation and rules.
- Assists Office staff in the preparation of complex contracts and agreements concerning financial and market conduct examinations of insurers.
- Reviews and provides analysis of the legal sufficiency of admissions applications and other company documents.
- Provides assistance to the Legislative Affairs Office in the development of and interpretation of proposed legislation.

Litigation Section

- Handles all litigation, including judicial proceedings, in state and federal courts, administrative proceedings before the Division of Administrative Hearings, and appeals before the Florida Supreme Court and District Courts of this State as well as cases from the Subscriber Assistance Panel (HMO appeals) referred to the Office by the Agency for Health Care Administration.
- Responds to public information requests and handles related litigation, including injunction hearings on alleged trade secret documents.
- Provides advice and litigation support in personnel matters and for challenges to Office rules.
- Provides advice as requested regarding the Office's review of insurers' annual rate filings required by the Insurance Code, including assistance with public rate hearings and defending Office actions regarding those filings if challenged.

Market Investigations

Market Investigations is the enforcement and compliance unit for the Office. It monitors the activities of authorized Life and Health and Property and Casualty insurers within the Florida insurance marketplace to assure proper compliance with the Florida Insurance Code.

When adverse business practices are identified relative to specific companies, markets or insurance products, companies are reviewed for compliance through a multitude of possible regulatory responses. Responses could include contacting the insurers for a response to the identified issue, desk investigations or on-site field examinations.

Over the last few years, Market Investigations has incorporated a targeted approach to market conduct reviews. Rather than only conducting reviews on a statutorily required, routine basis, industry problems are identified through market analysis by trending patterns and practices of consumer complaints, financial data and other data available through market and environmental sources.

Targeted industry compliance reviews may also be conducted as a result of legislative changes to the Florida Insurance Code to determine if insurers are complying with those changes. These regulatory responses enable Market Investigations to determine the extent of the problem and work with the company to resolve the problem efficiently.

Market Investigations also investigates and initiates regulatory enforcement actions against unauthorized entities that illegally transact insurance business in Florida or with Florida consumers.

The Market Investigations unit participates with other states in NAIC multi-state reviews. Multi-state reviews allow regulators to work together to resolve similar

problems and address issues through uniformity and collaborative actions that may affect consumers in numerous states.

Business Unit Organization

Market Investigations is organized into different sections:

- Property and Casualty
- Life and Health/Managed Care
- Unauthorized Entities

The fundamental charge of these sections is to assure compliance with governing statutes and rules and to monitor how the industry interacts with the citizens of Florida. Market Investigations has the authority to assess administrative penalties, direct corrective action and restitution, and mandate conduct that protects the insurance consumer from unlawful or harmful business practices.

Market Analysis

The primary responsibility of this sub-unit is to analyze current and historical market and financial data and trends to determine if any anomalies exist that may indicate an unlawful or harmful business practice or pattern exists.

Unit Stats

In 2008, the unit closed 86 examinations and 712 investigations. Examinations focused on discount medical plan providers, life and health insurers and property and casualty insurers. Findings related to discount medical plan providers included violations of using unfiled forms, failure to include required disclosures in advertisements and marketing materials and website violations. Life and health examination findings included violations by insurers of the statutes and rules established pursuant to Florida's Freedom to Travel Act. Examinations of property and casualty insurers included examining compliance with data reporting requirements with findings that some insurers failed to timely and accurately submit data.

Investigations included an industry-wide review of compliance with the filing of anti-fraud plans, property and casualty payments to the Florida Hurricane Catastrophe Fund and unauthorized insurance activities.

Pursuant to sections 624.315(c), Florida Statutes, specific findings as to Market Investigations' examination and enforcement efforts can be found at http://www.floir.com/market_conduct/is_market_conduct_index.aspx.

Office of the Chief of Staff

Chief of Staff

The Office of Chief of Staff is the senior executive management unit of the Office of Insurance Regulation. The Chief of Staff provides leadership, administrative direction and policy advice to the units within the Office; manages the fiscal resources and personnel to maximize the delivery of services and technical assistance; and advises the Commissioner, Governor, Cabinet and Legislature on policies relating to the regulation of insurance.

The Office of Chief of Staff is responsible for the coordination and completion of a series of required executive actions, including:

- Submitting the Office's annual legislative budget requests;
- Serving as the chair of the Technology Steering Committee, which conducts bi-weekly meetings to identify, prioritize and oversee system technology plans and projects;
- Coordinating and approving Office personnel actions;
- Serving as the agency's safety coordinator;

- Serving as the agency's disaster coordinator;
- Serving as the agency's personnel and purchasing liaison contact for matters involving the Department of Financial Services; and
- Coordinating informational memoranda releases.

The Chief of Staff directly supervises the Communications Office, Government Relations Office, the Deputy Chief of Staff, NAIC activities and the budget and contracts and personnel managers of the Office.

Communications Office

The Communications Office represents the Office to the news media of Florida, the nation and the world. The Communications Office serves as the primary contact with news media, and the significant responsibilities include:

- Researching, writing, editing and distributing Office press releases;
- Coordinating interviews with news media, the commissioner and senior management;
- Responding to public or media requests for information;
- Continuously updating the Office's Web site content; and
- Coordinating internal communications to assure the media and interested parties have access to the most current information and expertise available to better understand complex insurance regulatory issues and actions.

Government Relations Office

The Government Relations Office consists of a Cabinet Affairs Office and Legislative Affairs Office and is responsible for the development, coordination, and communication of legislative priorities and rulemaking.

The Legislative and Cabinet Affairs Offices are responsible for establishing and maintaining contacts on legislative matters within the Executive Office of the Governor, the Florida Legislature, and other local, state, and federal entities. Among its responsibilities:

- Response and communication to legislative members and staff matters affecting policy and administration of Office insurance programs and activities.
- General oversight of legislative activities involving Office business units.
- Administration of pre-legislative activity that includes:
 - Coordination of interim meetings with legislators;
 - Coordination of interim legislative projects;
 - Gathering, where appropriate, input from industry representatives and other interested parties related to potential legislative initiatives;
 - Coordination of drafts for proposed bills and bill amendments;
 - Solicitation of legislative sponsorship for regulatory initiatives; and
 - Providing briefing materials for Financial Services Commission/Legislative Directors of interested or affected executive and Cabinet agencies.
- Representation of the Office during Legislative Session that includes:
 - Meeting with and providing information to legislators on matters that affect the regulation of the insurance industry.
 - Managing legislative calendars and required committee appearances.
 - Monitoring and prioritizing of legislation affecting the Office.
 - Coordinating bill analyses provided to legislative members and staff.
 - Appearing before legislative committees, as required.
 - Coordinating responses to legislative information requests.
- Coordination of post-session activities that include:
 - Publication/distribution of post-session legislative summaries and reports.
 - Implementation of policies, procedures and programs that assure the accurate and timely implementation of legislation.

- o Management of Office responses to constituent requests from legislative offices and committee staff.
- o Management of the Office's internal program to assure timely implementation of legislative mandates; to assure appropriate rules are developed and implemented; and ensure that the impact of new legislation is communicated effectively within the Office and its regulated entities.

The primary role of the Cabinet Affairs Office is to facilitate communication and respond to matters affecting Office oversight by the Financial Services Commission. The Cabinet Liaison works with and is an active part of the Governmental Relations Office. Unique responsibility assigned to Cabinet Affairs includes:

- Interaction with the Financial Services Commission -- providing information regarding proposed rules, board recommendations, legislation and other matters affecting the Office.
- Coordination and presentation to Cabinet Aide briefings on matters affecting the Office.
- Coordination of appointments and recommendations for boards and commissions.

Deputy Chief of Staff - Business Development/Company Admissions Unit

The Deputy Chief of Staff directly supervises and provides direction and support to the business development, market research and technology units. The Deputy Chief of Staff supports the Chief of Staff with personnel and budgetary matters.

The Deputy Chief of Staff directly supervises the Cabinet liaison as well as the market research and technology managers.

Business Development/Company Admissions

The Company Admissions Unit is responsible for the receipt and initial review of all company applications for the sale of insurance and insurance-related products regulated by the Office. The section also coordinates background and fingerprint investigations of the Officers and Directors of the companies seeking a license to operate in Florida's insurance market.

Unit Stats

In calendar year 2008, the Office received 602 insurance company and related entity applications and during the same time period, processed 605 applications in an average of 40 days. These applications were either approved, denied, withdrawn or deemed incomplete. Of the applications processed, 188 were new entrants into Florida's marketplace. The applications section also completed 787 investigations of Officers and Directors in an average of 72 days.

Market Research & Technology Unit

The primary purpose of the Market Research Unit is to ensure efficiency and transparency in the collection, validation, analysis and subsequent republication of data, information and resource materials relating to the oversight and development of Florida's insurance markets for the benefit of the state's insurance consumers. Data requested by the Legislature for reports or ad hoc requests is typically pulled by this Unit.

Office of Deputy Commissioner, Property and Casualty Insurers

The Deputy Commissioner of Insurance Regulation of Property and Casualty Insurers provides direction and support for the business units regulating statutory compliance and monitoring of property and casualty industry markets. In addition, the Deputy Commissioner handles residual market issues including Citizens Property Insurance Corporation, Florida Hurricane Catastrophe Fund assessments, certain data calls, boards and committees.

The Deputy Commissioner for Property and Casualty Insurance provides leadership, administrative direction, and policy advice to the regulatory business units; manages fiscal resources and personnel; and advises the Commissioner and the Legislature on policies relating to the regulation of insurance.

Business Units

The Deputy Commissioner directly supervises the Property and Casualty Product Review and Property and Casualty Financial Oversight business units.

Business Unit Directors

Oversee the daily regulatory activity of the unit and manage the personnel and budget matters affecting the unit. The Director is also charged with the responsibility to manage the development and implementation of legislation, and to represent the Office in local, state, and national forums.

Property and Casualty Product Review

Property and Casualty Product Review is responsible for the review and approval of policy forms, policy rates, policy rules and underwriting guidelines for property and casualty insurance products marketed in this state.

The unit must comply with specific statutory timelines for the review of each type of filing received. The statutory timelines range from 15 days for certain types of recoupment filings to 90 days for certain types of rate filings.

Property and Casualty Product Review is organized into two principal sections:

Rates Section

- Responsible for conducting a timely review of each rate or rule filing submitted to ensure filings comply with the actuarial guidelines specified in law and rule; and,
- Responsible for the oversight and compliance requirements for the reporting of excess profits of private passenger automobile and workers' compensation insurance.

Forms Section

- Responsible for conducting a timely review of each form filing submitted to ensure filings comply with the requirements specified in law and rule.

Unit Stats

In 2008, the Unit processed a total of 12,857 rate and form filings.

Property and Casualty Financial Oversight

Property and Casualty Financial Oversight is responsible for monitoring the financial condition of property and casualty, title insurers and self-insurance funds through the review of applications, ongoing financial analysis, periodic financial examinations and appropriate regulatory action.

The unit is also responsible for the review of material changes of ownership of insurers domiciled in Florida. The unit conducts actuarial reviews to assure companies maintain adequate reserves and performs field examinations and analyses of financial statements and reports. The unit conducts desk reviews, on-site financial examinations and targeted reviews in the event there are changes or potential changes to a company's financial condition.

As part of the Office's involvement with the National Association of Insurance Commissioners, the financial surveillance areas participate in the Financial Regulation Standards and Accreditation Program. The objective of the accreditation program is to provide consistent solvency regulation of multi-state insurance companies with an emphasis on developing minimum solvency law and regulation standards, effective and efficient

financial analysis and examination processes, and appropriate organizational and personnel practices.

Property and Casualty Financial Oversight is organized into four principal sections:

Actuarial Section

- Responsible for assisting the analysis and examination units on actuarial related items for all property and casualty insurers. The actuarial analysis and examinations are performed both at the Office, as well as on-site at the offices of the regulated entity.
- Participates with the review of actuarial related items in regards to applications for new domestic entities.

Applications Section

- Reviews applications for material changes in ownership of insurers as well as applications for new insurers requesting to conduct or expand business in Florida.

Examinations Section

- Responsible for periodic on-site financial examinations, including NAIC coordinated, multi-state exams of larger entities.

Analysis Section

- Responsible for the receipt and review of financial statements, submitted by insurers at least four times per year, holding company registration statements, and other requested documents related to the financial solvency of a regulated insurer.

Unit Stats

In 2008, the Unit completed 62 financial examinations and 5,243 financial statement reviews and analyses. As of December 31, 2008, there were 1,441 licensed or otherwise regulated Property and Casualty entities.

Office of Deputy Commissioner, Life and Health Insurers/Specialty Insurers

The Deputy Commissioner of Insurance Regulation of Life and Health/Specialty Insurers provides direction and support for the business units regulating statutory compliance and monitoring of life and health and specialty industry markets.

The Deputy Commissioner for Life and Health/Specialty Insurers provides leadership, administrative direction, and policy advice to the regulatory business units; manages fiscal resources and personnel; and advises the Commissioner and the Legislature on policies relating to the regulation of insurance.

Business Units

The Deputy Commissioner directly supervises the Life and Health Product Review, Life and Health Financial Oversight, and Specialty Product Administration business units.

Business Unit Directors

Oversee the daily regulatory activity of the unit and manages the personnel and budget matters affecting the unit. The Directors are also charged with the responsibility to manage the development and implementation of legislation, and to represent the Office, the Commissioner or the Deputy in local, state, and national forums.

Life and Health Product Review

Life and Health Product Review is responsible for the review and approval of policy form and rate filings received from life and health insurance companies, health maintenance organizations, discount medical plans, and related entities and products.

Health insurance includes, but is not limited to, indemnity and preferred provider organization major medical policies, managed care policies, Medicare Supplement policies, long-term care policies, limited benefit, disability income and catastrophic illness

indemnity insurance. Health Maintenance Organizations, Prepaid Health Clinics, Continuing Care Retirement Community plans, Health Flex plans, Prepaid Limited Health plans, and Discount Medical Plan filings are included in the health category. The unit is also responsible for the actuarial review of individual health insurance rates and rates for groups under 51, to ensure premiums are reasonable in relation to benefits as required by law.

Life insurance includes: term life, whole life, universal life, variable life, as well as fixed and variable annuities, credit life, credit disability and viatical filings are also included in the life category.

The business unit receives policy and rate filings from 828 carriers licensed to sell life and health products, including companies that are active in the Florida small group market.

Life and Health Product Review is organized into two principal sections:

Rates Section

- Performs actuarial reviews of rate filings to ensure compliance; and
- Makes actuarial recommendations regarding approval or disapproval of each rate filing submitted.

Forms Section

- Responsible for enforcing compliance with statutes and rules governing insurance policy contract forms, applications, endorsements or other forms associated life and health insurance products.

Unit Stats

In 2008, the Unit reviewed 8,698 rate and form filings.

Life and Health Financial Oversight

Life and Health Financial Oversight monitors the financial solvency of life and health insurers and managed care health entities licensed to do business in the State of Florida.

The unit is responsible for the review and approval of material changes of ownership of insurers or managed care health entities domiciled in Florida. The unit also administers the admissions process for new life and health entities as well as those proposing to expand into additional lines of business.

Entities subject to the unit's regulatory oversight include Life and Health insurers, fraternal benefit societies, health maintenance organizations, pre-paid limited health service organizations, pre-paid health clinics, multiple employer welfare arrangements, fiscal intermediary service organizations, discount medical plan organizations, as well as Healthflex entities that are either licensed, authorized or otherwise approved to operate in the State of Florida.

The unit conducts actuarial reviews to ensure companies maintain adequate reserves and performs field examinations and analyses of financial statements and reports. The unit conducts desk reviews, on-site financial examinations and targeted reviews in the event there are changes or potential changes to a company's financial condition.

As part of the Office's involvement with the NAIC, the financial surveillance areas participate in the Financial Regulation Standards and Accreditation Program. The objective of the accreditation program is to provide consistent solvency regulation of multi-state insurance companies with an emphasis on developing solvency laws and regulatory standards, effective and efficient financial analysis and examination processes, and appropriate organizational and personnel practices.

Life and Health Financial Oversight is organized into four principal sections:

Life and Health Insurer Financial Analysis Section

- Responsible for monitoring the financial condition of all authorized life and health insurers and fraternal benefit societies;
- Performs financial monitoring via the review of periodically filed financial statements to ensure continued compliance with applicable financial statutes and rules as well as to identify signs of financial deterioration;
- Responsible for reviewing applications for new domestic insurer certificates of authority, foreign insurer certificates of authority, requests to add lines-of-business, and reorganization, merger and acquisition filings.

Managed Care Financial Analysis Section

- Responsible for monitoring the financial condition of all health maintenance organizations, pre-paid limited health service organizations, pre-paid health clinics, multiple employer welfare arrangements, fiscal intermediary service organizations as well as Healthflex entities;
- Performs financial monitoring via the review of periodically filed financial statements to ensure continued compliance with all applicable financial statutes and rules as well as to identify signs of deteriorating financial condition; and
- Responsible for reviewing applications for new domestic entities, reorganizations, mergers and acquisitions.

Actuarial Analysis Section

- Responsible for assisting the analysis and examination units on actuarial related items for all life and health insurers, health maintenance organizations, pre-paid limited health service organizations, pre-paid health clinics, multiple employer welfare arrangements, as well as Healthflex entities;
- Conducts actuarial analysis and examinations both at the Office and on-site at the offices of the regulated entity; and
- Participates with the review of actuarial related items regarding applications for new domestic entities.

Examination Section

- Responsible for periodic on-site financial examinations.

Unit Stats

In 2008, the Unit completed 14 financial examinations and 2,299 financial statement reviews and analyses. As of December 31, 2008, there were 828 licensed or otherwise regulated Life and Health entities.

Specialty Product Administration

Specialty Product Administration provides regulatory oversight of, and is responsible for, a variety of insurance-related industries, including insurance administrators, continuing care retirement communities, motor vehicle service agreement companies, home warranty associations, service warranty associations, service warranty manufacturers, premium finance companies, donor annuities, legal expense insurance corporations, viatical settlement providers, and life expectancy providers.

The primary responsibilities of the unit are to license, examine, and monitor the solvency and market conduct of regulated entities and to protect policyholders from insolvency risks and unethical business practices.

The unit reviews the financial statement filings of the specified specialty insurers licensed to operate in Florida. The unit conducts periodic on-site examinations to verify the quality of assets, adequacy of stated liabilities, general operating results, and market conduct of the regulated entity.

Specialty Product Administration is organized into four principal sections:

Continuing Care Retirement Communities (CCRCs) and Donor Annuities Section

- Reviews CCRC applications for certificates of authority and acquisition;
- Regulates authorized CCRCs for statutory compliance and monitors solvency;
- Reviews Donor Annuity applications for registration;
- Regulates Donor Annuity entities for statutory compliance; and
- Investigates unauthorized entities.

Viatical Settlement Section

- Regulates Viatical Settlement Providers and Life Expectancy Providers;
- Reviews Viatical Settlement Provider applications for licensure and acquisition;
- Reviews Life Expectancy Providers applications for registration;
- Regulates Viatical Settlement Provider and Life Expectancy Providers for statutory compliance;
- Participates in pre-licensing examinations of applicants;
- Participates in field and target examinations of licensees; and
- Investigates unauthorized entities.

Warranties and Financial Services Section

- Reviews applications for licensure, certificates of authority and acquisition;
- Examines for statutory compliance; and,
- Regulates and monitors company solvency for the following license types:
 - Insurance Administrators;
 - Premium Finance Companies;
 - Motor Vehicle Service Agreement Companies;
 - Service Warranty Associations;
 - Service Warranty Manufacturers;
 - Home Warranty Associations; and
 - Legal Expense Insurance Corporations.

Field Examination Section

- Performs on-site financial and market conduct examinations of companies regulated by the unit - the section performed 70 examinations in 2008; and
- Performs target examinations and investigations, on an as-needed basis.

Unit Stats

In 2008, the Unit conducted 70 on-site field examinations and 2,205 in-house financial statement reviews and analyses. As of December 31, 2008, there were 1,479 licensed or otherwise regulated Specialty entities.

An Analysis of the Impact of the Insurance Industry on the Economy of the State in 2008

Pursuant to sections 624.313(h), 624.313(j), and 624.315(g), Florida Statutes

The Florida insurance industry continues to be an important economic driver for the state's overall economy. According to data from the Bureau of Economic Analysis (BEA), in 2007 (the last year for which data are currently available) the insurance industry created \$14.59 billion of the state's \$741.8 billion gross domestic product (1.97%).

Moreover, the Florida insurance industry continues to be a significant driver to overall state employment. The BEA estimates that in 2007 the industry accounted for 144,184 jobs. For the same year, the BEA estimated the Florida aggregate labor force at 8.39 million jobs so that the insurance industry employment accounted for 1.7% of total state employment.

Additionally, for Fiscal Year 2007-2008 the Florida Department of Revenue collected \$714 million in insurance premium taxes.

Indirect Effects

In addition to the direct contribution, a well functioning insurance industry has important second order effects on a state's economic well being and development. Whether it is insurance purchased by employers for their business and employees, property insurance to protect the citizens' most important investment, or life and health insurance, a state's economic health is inextricably tied to its insurance market.

In the area of employer purchased insurance, the legislative changes made in Florida in 2003 continued in 2008 to secure a robust market. As noted in the Office's 2008 Workers' Compensation Annual Report, rates continued to fall, reflecting declines in the losses occurred in this line of business. As well, new insurers continue to enter the Florida workers' compensation insurance market. Using any number of common performance metrics, Florida has one of the most competitive workers' compensation markets in the United States.

Property insurance is always an area of interest and concern in the Florida marketplace owing to the possibility of catastrophic hurricane losses. 2008 was no exception. Even with no catastrophic losses, Florida property insurance companies saw their access to reinsurance remain constrained and saw increases in the cost of the coverage. Absent a comprehensive national catastrophe plan, Floridians will remain exposed to the volatility in pricing and availability inherent in the global reinsurance market.

Programs to inspect, grade and mitigate homes funded by the Legislature in previous years were not available in 2008 as a result of the budget pressures resulting from the global financial turmoil. Similarly, matching funds programs designed to attract new writers could not be continued.

Lastly, during 2008, responding to a continuing constriction in catastrophic reinsurance market, the Florida Legislature in House Bill 1A authorized an expansion of the Florida Hurricane Catastrophe Fund (FHCF). Additional funds, up to \$5 billion, were made available below the FHCF's mandated trigger threshold at market reflective prices through the Temporary Emergency Additional Coverage Options program (TEACO).

As well, an additional \$12 billion of coverage was made available above the FHCF's mandated exhaustion point through the Temporary Increase in Coverage program (TICL). During 2008, there was little to no industry activity in the TEACO layer. In contrast, the majority of the available TICL layer was purchased by the industry. These programs are legislated to sunset in 2010.

Company Activities

This section is a summary of the financial information and activities of companies authorized to transact insurance-related business in Florida.

The data contained herein do not include surplus lines carriers, Citizens Property Insurance Corporation, or risk retention groups.

Consumer Complaint Ratios for CY2008

as submitted by FL-DFS to NAIC Complaint Database (CDS)

Persuant to s. 624.313(i), FS

Rule 69O-142.002 of the Florida Administrative Code implements Section 624.313, F.S., which requires the Office to publish complaint ratios for the 10 largest insurers or insurer groups by line of insurance for each insurer or insurer group that has one percent or more of the market share. Although this rule does not apply to private passenger automobile insurance, this report does provide a summary of this coverage.

For purposes of this complaint index reporting:

“Complaint Share” is the number of complaints received by the Office relative to the insurance industry expressed as a percentage.

“Complaint” is any written communication by an insured or named beneficiary expressing dissatisfaction with an insurance entity over which the Office has regulatory authority. This does not include complaints against an incorrect entity; complaints against companies providing administrative services for self-funded benefit plans; complaints for properly filed or approved rates; suspected fraudulent claim complaints; and complaints that are duplicative or frivolous. The Office extracts these numbers from the NAIC database; the NAIC receives the data from the Department of Financial Services, and standardizes the definition of complaints across 50 states.

“Market Share” is the company’s direct written premium relative to the industry for a given line of insurance. The report expresses this ratio as a percentage.

“Premiums” are consideration paid to an insurer for the issuance and delivery of any binder or policy of insurance or annuity written directly to the consumer.

“Complaint Index” is a ratio derived by dividing a company’s complaint share by its market share.

1. A complaint index of greater than 1.00 indicates the company’s complaint share is disproportionately higher than its market share for a specific line of insurance.
2. A complaint index of less than 1.00 indicates the company’s complaint share is disproportionately lower than its market share for a specific line of insurance.

Complaints Year: 2008 Total Complaints for Index: 4120

Policy Type: Homeowner

Premiums Year: 2008 Total Premiums for Index: \$7,245,898,999

States selected for Index: FL

Complaint Set used: Confirmed Complaints

** In receivership for claims run off.

*** Certain assets and liabilities of Florida Health Care Plan, Inc. were transferred to NAC Health on 12/31/08. Upon transfer Florida Health Care Plan, Inc. surrendered its Certificate of Authority as an HMO and changed its name to H.H. Holdings and NAC Health changed its name to Florida Health. Care Plan.

A = Licensed but had no enrollment.

Medical loss ratios are generally used as an indicator to determine the percentage of the HMO's premium dollars which are used to pay claims. It is calculated by dividing incurred losses by total revenue. Although the medical loss ratio is a ratio which is used to determine the percentage of premium dollars which are spent to pay claims, it is only one indicator among many which address the quality of health care provided by the HMO.

Budget
