INSURANCE CORPORATION
_____ /

CASE NO.: 195073-16

ORDER

TO: Barry Gilway
President
2312 Killearn Center Blvd., Bldg. A
Tallahassee, Florida 32309

THIS CAUSE came before the State of Florida, Office of Insurance Regulation upon the filing by Citizens Property Insurance Corporation (hereinafter referred to as "CITIZENS") of Rate Filing Nos. FCP 16-16024, FCP 16-16025, FCP 16-16575, FCP 16-16576, FCP 16-16785, FCP 16-16788, FCP 16-16866, and FCP 16-16867. The OFFICE held a public hearing to receive public comment on the filing on August 18, 2016, in Leon County that was streamed online by The Florida Channel. At the hearing, CITIZENS offered testimony in support of its rate recommendations. The OFFICE, now having considered the complete record for the above-referenced filings and being otherwise fully advised in the premises, hereby finds as follows:

1. The OFFICE has jurisdiction over the subject matter and of the parties herein.
2. CITIZENS was created by statute with the public purpose to ensure the existence of an orderly market for property insurance for Floridians and Florida businesses.

3. In accordance with Section 627.351(6)(n) of the Florida Statutes, CITIZENS' rates must meet the following requirements:

1. Rates for coverage provided by the corporation shall be actuarially sound and subject to the requirements of s. 627.062, except as otherwise provided in this paragraph. The corporation shall file its recommended rates with the OFFICE at least annually. The corporation shall provide any additional information regarding the rates which the OFFICE requires. The OFFICE shall consider the recommendations of the board and issue a final order establishing the rates for the corporation within 45 days after the recommended rates are filed. The corporation may not pursue an administrative challenge or judicial review of the final order of the OFFICE.

2. In addition to the rates otherwise determined pursuant to this paragraph, the corporation shall impose and collect an amount equal to the premium tax provided for in s. 624.509 to augment the financial resources of the corporation.

3. After the public hurricane loss-projection model under s. 627.06281 has been found to be accurate and reliable by the Florida Commission on Hurricane Loss Projection Methodology, the model shall be considered when establishing the windstorm portion of the corporation's rates. The corporation may use the public model results in combination with the results of private models to calculate rates for the windstorm portion of the corporation's rates. This subparagraph does not require or allow the corporation to adopt rates lower than the rates otherwise required or allowed by this paragraph.

4. The rate filings for the corporation which were approved by the OFFICE and which took effect January 1, 2007, are rescinded, except for those rates that were lowered. As soon as possible, the corporation shall begin using the lower rates that were in effect on December 31, 2006, and shall provide refunds to policyholders who have paid higher rates as a result of that rate filing. The rates in effect on December 31, 2006, shall remain in effect for the 2007 and 2008 calendar years except for any rate change that results in a lower rate. The next rate change that may increase rates shall take effect pursuant to a new rate filing recommended by the corporation and established by the OFFICE, subject to the requirements of this paragraph.

5. Beginning on July 15, 2009, and annually thereafter, the corporation must make a recommended actuarially sound rate filing

for each personal and commercial line of business it writes, to be effective no earlier than January 1, 2010.

6. Beginning on or after January 1, 2010, and notwithstanding the board's recommended rates and the OFFICE's final order regarding the corporation's filed rates under subparagraph 1., the corporation shall annually implement a rate increase which, except for sinkhole coverage, does not exceed 10 percent for any single policy issued by the corporation, excluding coverage changes and surcharges.

7. The corporation may also implement an increase to reflect the effect on the corporation of the cash buildup factor pursuant to s. 215.555(5)(b).

8. The corporation's implementation of rates as prescribed in subparagraph 6. shall cease for any line of business written by the corporation upon the corporation's implementation of actuarially sound rates. Thereafter, the corporation shall annually make a recommended actuarially sound rate filing for each commercial and personal line of business the corporation writes.

4. The process described in the above-referenced statutory provisions requires CITIZENS to file rate recommendations with the OFFICE. The OFFICE then establishes the rates for CITIZENS by final order. The rate filings governed by this Order are for new and renewal rates to be effective no earlier than February 1, 2017.

5. CITIZENS submitted the following rate filings to the OFFICE, which are the subject of this Order:

- FCP 16-16024 (Homeowners Personal Lines Account)
- FCP 16-16025 (Homeowners Coastal Account)
- FCP 16-16575 (Dwelling Fire Personal Lines Account)
- FCP 16-16576 (Dwelling Fire Coastal Account)
- FCP 16-16785 (Mobile Home Personal Lines Account)
- FCP 16-16788 (Mobile Home Coastal Account)
- FCP 16-16866 (Mobile Home Physical Damage Coastal Account)
- FCP 16-16867 (Mobile Home Physical Damage Personal Lines Account)

6. CITIZENS submitted additional filings for Commercial Property, however, they will be the subject of a subsequent order due to the OFFICE's forty-five (45) day time constraint under Section 627.351(6)(n)(1), Florida Statutes.

FINDINGS AND MODIFICATIONS

7. **HURRICANE LOSS ESTIMATES:** CITIZENS' recommended rates are based on projected hurricane losses estimated by AIR, RMS, EQE, and the Florida Public Model. CITIZENS testified at the hearing that it selected a value toward the middle of the range of indications for purposes of projecting hurricane losses on a statewide basis. The projected results of AIR were then adjusted to the statewide indication by territory.

8. **WATER LOSS TRENDS:** CITIZENS testified at the hearing that water loss trends have not stabilized and are driving increased rate needs across the state. CITIZENS selected statewide, tri-county, and remainder of state water loss trends based on its data. The OFFICE utilized slightly lower water loss trends based on the loss trend data adjusted for decreasing exposures due to depopulation.

9. **PUBLIC COMMENT:** The OFFICE invited members of the public to comment on the proposed rate changes at the rate hearing and also via electronic mail through September 1, 2016. At the hearing, members of Fair Insurance Rates in Monroe (FIRM), a non-profit organization, expressed concern regarding the effect of the proposed rate increases in Monroe County. The hurricane models used by CITIZENS in the filing produced widely divergent results for Monroe County. FIRM, the Board of Commissioners for the County of Monroe, and Holly Raschein, State Representative for Florida House District 20, each wrote to the OFFICE, seeking a review by the Florida Commission on Hurricane Loss Projection Methodology (Florida Commission) to explain the divergence of modeling results in Monroe County and requesting a

moratorium on any rate increases until the completion of the review. The OFFICE will request such a review by the Florida Commission, and will require an additional rate filing by CITIZENS if the review supports such a filing.

At FIRM's request, CITIZENS has funded a detailed study to evaluate the higher building code standards in Monroe County and to review the treatment of wind versus flood related losses in the models. Upon completion of that study, the OFFICE will require an additional rate filing by CITIZENS if the study supports such a filing.
