Hello, Ms. Walden. Thank you again for remembering me.

I have read the proposed changes to section 2 of form OIR-1802. In general, bravo – the team did well. There is still, however some room for improvement; I propose that a verb be inserted for the proposed new paragraph B under 2. When you read all the other choices, there is a verb. B starts with a preamble “For such and such”, then it leaves one hanging with no further closure or definition.

Is it meant to say something like “~~For~~ The covering is comprised of slate, clay, or concrete tile roof coverings, wood shake roofs, rolled roofing, membrane roof, or built up roofing.” ?

If that’s what is intended, please bring my suggestion to the board for consideration of clarification at the June 20 hearing.

Sincerely,

Inman Lanier

Please find attached another copy of the DRAFT 1802 forms that will be discussed at the June 20<sup>th</sup> hearing. We have had some new additions to the Interested Parties List and wanted to be sure everyone had the draft copies as well as a copy of the Notice of Proposed Rule Making.
