1. Data submitted to the QUASRng database is not audited by the Florida Office of Insurance Regulation before publication. State Farm Florida

Insurance Company has filed data as a Trade Secret, and is therefore not included in this database.

2. This list was composed from property writers reporting data into the Florida QUASRng System for the Third Quarter 2014.

3. A no data entry for underwriting results is due to a 100% pooling arrangement the insurer has with its parent company.

4. Note that the surplus may increase even though there was an underwriting loss due to capital contributions to the company and/or investment income gains.
