OFFICE OF INSURANCE REGULATION

MICHAEL YAWORSKY
INTERIM COMMISSIONER

IN THE MATTER OF:

CASE NO.: 302736-22-CO

AF&L INSURANCE COMPANY

CONSENT ORDER

THIS CAUSE came on for consideration as a result of a rate filing submitted to the FLORIDA OFFICE OF INSURANCE REGULATION (“OFFICE”) by A F & L INSURANCE COMPANY (“AF&L” or “company”). Following a complete review of the entire record, and upon consideration thereof, and being otherwise fully advised in the premises, the OFFICE hereby finds as follows:

1. The OFFICE has jurisdiction over the subject matter of and the parties to this proceeding.
2. AF&L is a foreign insurer domiciled in the State of Pennsylvania and subject to regulation by the OFFICE pursuant to the Florida Insurance Code and Florida Administrative Code.
3. AF&L Insurance Company’s Florida Certificate of Authority was suspended by Order effective March 8, 2005, due to being out of compliance with certain financial requirements.
4. By operation of Section 624.421(4), Florida Statutes, AF&L Insurance Company’s Certificate of Authority has deemed to have expired by operation of law effective March 9, 2007.
5. However, AF&L is able to submit filings for rate increases on policies already in

force at the time of revocation.

6. AF&L has submitted a filing for a rate increase on certain long-term care policy forms underwritten by the company.

7. Based upon the OFFICE's review of AF&L's proposed long-term care rate schedules as filed in Florida file log number FLR 21-031920, the OFFICE has determined that the company's proposed premium rates have not been adequately demonstrated to be reasonable in relation to the benefits provided as required by Section 627.410, Florida Statutes, and Rule Chapter 690-149, Florida Administrative Code. However, the OFFICE has determined that some rate increase is necessary for AF&L to have adequate rates and protect the interests of its policyholders and certificate-holders.

8. In order to resolve this issue, and in the aim of bringing consumer clarity to all current AF&L long-term care policyholders and certificate-holders, the OFFICE, subject to the limitations and restrictions stated below, approves rate increases as outlined in paragraphs 9 through 14, below.

9. AF&L agrees to be subject to the following terms and conditions with respect to the Inflation Forms: LTC-5 policies on its Facility Block:

a. Other than the rate increase approved pursuant to this Order, the company or representatives of the company shall not implement any further rate increase on the Inflation Forms: LTC-5 policies at issue in file log number FLR 21-031920, for a period of five years from the date the company begins its implementation of the rate increase as specified in Paragraph 9(b) of this Order. However, the company or representatives of the company may, based on then-current actual and projected experience, file for a new rate increase prior to the expiration of the five-year period specified in this paragraph, provided such rate increase, if approved in whole or in part, will not be implemented on any policyholder's policy prior to the expiration of said five-

year period;

b. The rate increase shall be implemented over a period of 3 years. The first increment shall be imposed beginning at least 45 days after the date of approval, with the following two increments imposed thereafter on or after the anniversary date of the prior year's increase, but in no event will any policyholder receive more than one rate increase within a twelve-month (consecutive) period;

c. The amount of the rate increase will also consider the issue age of the policyholder and the type of policy form held by each policyholder. The increases will be implemented according to the following table:

10. AF&L further agrees to provide the following options to policyholders on the Inflation Forms policies on its Facility Block who would like to lower premium costs:

- a. Accepting a reduction in the daily benefit provided by the policy;
- b. Accepting a reduction in the benefit period provided by the policy;
- c. Accepting an increased elimination period under the policy. This option would increase the policyholder's initial out of pocket cost before the policy begins to provide benefits;
- d. Accepting a paid-up policy with maximum benefits equal to the premium paid less any claims paid. This option would exempt the policyholder from making any future premium payments, and all other policy provisions, other than the maximum benefit, would remain unchanged.

11. AF&L agrees to be subject to the following terms and conditions with respect to the Non-Inflation LTC-5 policies on its Facility Block:

- a. Other than the rate increase approved pursuant to this Order, the company or representatives of the company shall not implement any further rate increase on the Non-Inflation Forms: LTC-5, policies at issue in file log number FLR 21-031920, for a period of five years from the date the company begins its implementation of the rate increase as specified in Paragraph 11(b) of this Order. However, the company or representative of the company may, based on then-current actual and projected experience, file for a new rate increase prior to the expiration of the five-year period specified in this paragraph, provided such rate increase, if approved in whole or in part, will not be implemented on any policyholder's policy prior to the expiration of said five-year period;
- b. The rate increase shall be implemented over a period of 3 years. The first increment shall be imposed beginning at least 45 days after the date of approval, with the following

two increments imposed thereafter on or after the anniversary date of the prior year's increase, but in no event will any certificate-holder receive more than one rate increase within a twelve-month (consecutive) period;

c. The amount of the rate increase will also take into account the issue age of the certificate-holder and the type of certificate held by each certificate-holder. The increases will be implemented according to the following table:
