Catastrophe Reporting Notice

Hurricane Irma: Enhanced Reporting

The Florida Office of Insurance Regulation (OIR) is providing notice to insurers to file an Enhanced 2020 Catastrophe Reporting Form (CRF) through the Insurance Regulation Filing System (IRFS). Data must be provided in accordance with the deadline below.

OIR is instituting this data call for the purpose of collecting additional claims and other relevant information from insurers related to a natural disaster causing catastrophic damage in the state of Florida. This authority is mandated pursuant to section [624.307](#), Florida Statutes.

Reporting Deadline for Hurricane Irma

The reporting deadline is:

November 9, 2020, 12 NOON, ET

OIR will notify insurers if additional reporting deadlines are required.

Insurers must report using the Enhanced 2020 CRF, which does include the “Survey” tab within the CRF template.

The CRF provides valuable information to OIR and the state of Florida regarding the impact of a hurricane or other event. It is critical that data submitted is timely and accurate.

How to File the Enhanced CRF

Insurers are to report Hurricane Irma claims data using the Enhanced 2020 CRF.

The Enhanced CRF includes the “Survey” tab within the CRF template. The Enhanced 2020 CRF template is accessible through IRFS [here](#).

- Each insurer must submit its CRF on an individual insurer basis only.
- If an insurer has no policies in force in Florida for the required lines, file a “No Data” filing.

- If the insurer has policies in force in Florida for the required lines of business, the insurer must submit a “No Data” filing.
- “No Data” filings are required for each reporting deadline until the insurer begins reporting claims.
- Reporting is cumulative and must include all claims as of the reporting date.
- Each insurer must download a new template. Previously downloaded templates will not work.
