- (1) Network types are Health Maintenance Organization (HMO), Preferred Provider Organization (PPO), and Exclusive Provider Organization (EPO).
- (2) A plan available through the Small Business Health Options Program (SHOP) may or may not be available outside of the SHOP.
- (3) Percent changes are based on actual 2020 enrollment and do not represent the percent difference for a single certificate holder.
- (4) Weighted averages give more weight to companies with larger membership.

General Information

This information has not been reviewed or finalized by the Department of Health & Human Services; therefore, it is subject to change.

Florida file log numbers can be used to search the OIR Insurance Regulation Filing System at https://irfssearch.fldfs.com/.

Determination of the average change:

- 1 Companies provided an average requested rate change based on their proposed premiums and their distribution of business. That number is in the table above.
- 2 The requested rate changes and the projected distribution of business was then used to determine an overall statewide average increase.
