OFFICE OF INSURANCE REGULATION

KEVIN M. MCCARTY
COMMISSIONER

June 22, 2006

Dear Floridians:

I am pleased to submit the 2005 Annual Report of the Florida Office of Insurance Regulation for the 2004-2005 Fiscal Year, in compliance with Section 624.315, Florida Statutes.

I am filing this copy simultaneously with the Speaker and Minority Leader of the House of Representatives, the President and Minority Leader of the Senate, the chairs of the legislative committees with jurisdiction over matters of insurance, and the Governor. Anyone with Internet access may also view the report on the Office's website, www.floir.com.

This report contains all of the information the Office is required by statute to publish annually, and each section indicates the specific statutory reference. Please note the Office's website contains a myriad of insurance industry information and links to other insurance related websites. If you have any questions about the contents of this report or the affairs of the Florida Office of Insurance Regulation, please do not hesitate to contact my office.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin M. McCarty".

Kevin M. McCarty

Budget Appropriation & Expenditures 04-05	72
Fiscal Year 2003-2004 Revenues	72

Part I - Report of Activities

This section is a brief summary of major activities and accomplishments of agency programs during the 2004 Calendar Year . Some information contained herein is reported on the Fiscal Year 2004-2005 basis (July 1, 2004 - June 30, 2005).

Florida Office of Insurance Regulation's Vision

The Florida Office of Insurance Regulation envisions a robust and competitive insurance market that maintains consumer protection and provides protection for the Florida insurance buying public.

Florida Office of Insurance Regulation's Mission

To ensure that insurance companies licensed to do business in Florida are financially viable; operating within the laws and regulations governing the insurance industry; and offering insurance policy products at fair and adequate rates which do not unfairly discriminate against the buying public.

2004 - A Year in Review

The Florida Legislature increased the Florida Catastrophe Fund's capacity to \$15 billion with the ability to grow as exposure increases. During the same year, Florida and the insurance industry were hit hard by a succession of hurricanes that ravaged the state causing over \$21 billion in losses and 1.66 million claims.

The Florida Office of Insurance Regulation (Office) personnel stayed in constant communication with insurers to assess the extent of their hurricane losses and to closely monitor solvency issues. Despite the devastating losses, only one insurer became insolvent. Many staff members also traveled to hurricane damaged areas of the state to assist policyholders in filing claims and contacting their insurance companies.

During the 2004 Legislative Session, the Commissioner and his Legislative Affairs staff:

- Successfully lobbied for 7 additional positions at the Office to ensure insurance consumers and insurance entities have adequate protections and controls.
- Successfully lobbied for \$500,000 to develop a system to analyze competition in the workers compensation marketplace.
- Created and distributed a 2004 Legislative Summary detailing all of the insurance related bills affecting Florida's insurance stakeholders - disseminated to the general public, insurance entities, and Florida's policymakers.
- Developed a Legislative E-Mail List-Service; providing legislative members and the Executive Office of the Governor with information on breaking news at the Office.

On the broad regulatory front, the Office led the nation toward single-source filing with the successful launch of the Multi-State Review Program (MSRP), a process by which carriers could file in just one state but obtain simultaneous approvals from all participating states. With Florida, Texas, and California participating, companies could reach 22.5% of the nation's annuity market by making an online filing in just one state. The success of this effort increased interest among other states, and the Office anticipated expanding the MSRP to other types of life insurance products. The MSRP approved its first filing in June, and in September, Nevada became the next state to join the program.

Commissioner's Office

The Commissioner serves as a member of the National Association of Insurance Commissioners (NAIC), the national organization of insurance regulators from all 50 states, the District of Columbia and the four U.S. territories. The NAIC's mission is to protect the public interest; promote competitive markets; facilitate the fair and equitable treatment of insurance consumers; promote the reliability, solvency and financial solidity of insurance institutions; and support and improve state regulation of insurance. The NAIC provides the states with a forum for the development of uniform policy where appropriate. The Office participates in NAIC national meetings, interim meetings, forums, and training. Participation at the NAIC affords the Office the opportunity to take part in resolving major insurance issues and contribute to the development of national policies.

All functions within the Commissioner's Office are divided into one of two program areas: Executive Direction and Support, and Compliance and Enforcement.

Executive Direction and Support includes the Commissioner's Office, Legal Services Office (LSO) and the Office of the Inspector General (OIG).

Compliance and Enforcement area includes the Assistant Commissioner's Office, Deputy Commissioner of Financial Oversight and Deputy Commissioner of Product Services.

Executive Direction and Support

Legal Services Office

The Office's General Counsel directs the Legal Services Office (LSO), which is divided into two broad functional areas, specifically Regulatory Actions and Litigation. Major responsibilities of the LSO include:

- Providing legal counsel to the Commissioner, regarding all matters related to the regulation of insurers;
- Responding to requests for legal opinions from inside and outside the Office;
- Handling all litigation including judicial proceedings in state and federal courts, administrative proceedings before the Division of Administrative Hearings, and appeals before the Florida Supreme Court and District Courts of this State as well as cases from the Subscriber Assistance Panel (HMO appeals) referred to the Office by the Agency for Health Care Administration;
- Advising the Commissioner and the Office staff on a daily basis on legal matters involving the Office;
- Providing advice and litigation support in personnel matters and for challenges to the Office rules;
- Assisting in the development and analysis of new legislation and rules;
- Assisting the Office staff in the preparation of complex contracts and agreements concerning financial and market conduct examinations of insurers;
- Reviewing and analyzing the legal sufficiency of admissions applications and other company documents;
- Providing advice as requested regarding the Office's review of insurers' annual rate filings required by the Insurance Code and defending the Office's actions regarding those filings if challenged; and
- Providing assistance to the Legislative Affairs Section in the development of and interpretation of proposed legislation.

Office of Inspector General

The Inspector General's duties include, but are not limited to, creating formal policies and procedures for the Office audits, management reviews, business and technical consultation engagements, and an enterprise wide risk assessment methodology.

Compliance and Enforcement

Assistant Commissioner's Office

The Assistant Commissioner directly oversees the Communications Office, Government Relations Office, the Company Admissions Section and Market Investigations.

The Assistant Commissioner provides leadership; administrative direction and policy advice to the units within the Office; manages the fiscal resources and personnel within the Office to maximize the delivery of services and technical assistance; coordinates the Office's review of company admissions applications and advises the Commissioner, Governor, Cabinet and Legislature on policies relating to the regulation of insurance.

The Assistant Commissioner's Office is responsible for the coordination and completion of many the Office activities including:

- Developing annual legislative budget requests;
- Serving as the chair of the Technology Steering Committee, which conducts weekly meetings to identify, prioritize and oversee system technology plans and projects;
- Completing and forwarding a Weekly Report of Activities to the Financial Services Commission;
- Coordinating and approving the Office personnel actions;
- Coordinating the Office's NAIC activities;
- Serving as the agency's safety coordinator;
- Serving as the agency's disaster coordinator;
- Serving as the agency's personnel and purchasing liaison contact for matters involving the Department of Financial Services;
- Assuring that periodic updates are made to the Office's website; and
- Coordinating informational memoranda releases.

Communications Office

The Communications Office serves as the primary contact with news media. Major responsibilities of the Communications Director include: researching; writing; editing and distributing press releases; coordinating interviews with news media; and responding to requests for information from various entities.

Governmental Relations Office

The Governmental Relations Office serves as the Office's liaison with the Governor's Office, Legislature and Cabinet and is comprised of the Legislative Affairs Office and the Cabinet Affairs Office.

Legislative Affairs Office

The Legislative Affairs Office performs numerous activities that are associated with conveying the Office's legislative requests to the relevant committees in the Florida House of Representatives and Florida Senate. Additionally, the Office:

- Provides agency support regarding legislation;
- Coordinates legislative inquiries;
- Handles constituent issues and complaints;
- Provides coordination and support for the Office's legislative priorities;

- Provides committee meeting summary reports to update the Office management and staff during session concerning pertinent legislative changes; and
- Creates and distributes a Legislative Summary that provides details to all interested parties regarding to the passage of insurance related bills.

Cabinet Affairs Office

The Cabinet Affairs Office performs numerous activities associated with Cabinet proceedings and with the implementation of the Office legislation. Other Office activities include, but may not be limited to, those identified and briefly described below:

- Maintains communications between the Office and members of the Financial Services Commission, which is made up of the Governor and the Cabinet;
- Apprises the Financial Services Commission of proposed rules, board recommendations, legislation and other items of interest;
- Provides Cabinet Aides with an agenda packet, including agenda items, minutes from the last Financial Services Committee meeting, and backup materials for each agenda item before each Cabinet meeting;
- Briefs Cabinet Aides at a formal meeting the week prior to Cabinet meetings;
- Solicits diverse and qualified individuals to serve on boards that fall under the jurisdiction of the Office and makes recommendations to the Governor, Cabinet and agency heads for insurance-related organizations; and
- Maintains board demographics and ensures that the Commissioner’s appointments are made in a timely manner.

Company Admissions Section

The Company Admissions Section is responsible or the receipt and initial review of all company applications wishing to sell insurance and related products regulated by the Office in the state of Florida.

This section is also responsible for coordinating background and fingerprint investigations for licensed and pending companies.

The following graph reflects the activities of the Company Admissions Section during 2004.

Total Applications Approved		296
Property & Casualty	122	
Life & Health	24	
Managed Care	7	
Purchasing Groups	11	
Specialty	132	
Total Applications Withdrawn		90
Total Applications Denied		2
Total Applications Processed		388
*Total Acquisitions Approved		36
*Amendments to Certificates of Authority (Property & Casualty and Life & Health)		36

**Totals taken from Total Applications Approved*

Investigations Only	1050	
Application Investigations	164	
Total Investigations		1214

Investigations may involve one or many individuals, depending on the application.

Market Investigations

Market Investigations monitors the activities of the Florida insurance marketplace to assure proper compliance with the Florida Insurance Code. During the past two years, Market Investigations has utilized a targeted approach to market conduct reviews. Rather than conducting reviews on a calendar basis, industry problems are identified through market analysis by trending patterns and practices of consumer complaints, financial data and other data available through market and environmental sources. Once adverse business practices are identified, specific companies, markets or insurance products are reviewed for compliance through desk investigations and/or on-site field examinations. These reviews enable Market Investigations to determine the extent of the problem and work with the company to resolve the problem quickly.

In addition, Market Investigations participates with other states in multi-state reviews. These multi-state reviews allow regulators from different states to work together to resolve like problems and address issues through uniformity and collaborative actions that may affect consumers in numerous states.

Market Investigations also investigates and initiates regulatory enforcement actions against unauthorized entities that illegally transact insurance business in Florida. During periods of hardened markets, the decreased availability of some insurance products creates a climate ripe for unauthorized insurance activity and insurance fraud, necessitating increased emphasis in this area.

During the latter part of 2004, Florida fell victim to four hurricanes. As a result, Market Investigations participated in relief efforts such as assisting consumers in hurricane-damaged areas with their insurance questions and working with companies to resolve claim issues. In addition, Market Investigations staff monitored insurer compliance with emergency orders and rules and compiled claim data as required by those orders and rules.

Market Investigations Accomplishments and Actions In 2004

The accomplishments of Market Investigations during 2004 include closure of 834 investigations and 54 examinations. Consumer recoveries based on regulatory enforcement actions totaled \$256,527 and penalties totaled \$344,700. The Unit issued 54 Consent Orders and 17 Letters of Guidance to authorized insurers, and 3 Immediate Final Orders to unauthorized entities. The Unit opened over 1300 investigations and examinations as a result of the 2004 hurricanes.

Financial Oversight

The Office has the statutory responsibility of reviewing the financial books and records of insurance companies and related entities to ensure that they are financially viable and operating within the laws of Florida. Financial Oversight is divided into three units: Life and Health Financial Oversight; Property and Casualty Financial Oversight; and Specialty Product Administration. Each unit monitors the financial health of insurers within its areas of expertise.

One of the primary objectives of each unit is to analyze the financial viability of insurers through the review and evaluation of annual and quarterly financial statements and reports. Financial oversight includes the receipt and review of periodic financial statements submitted by carriers in conjunction with periodic on-site financial examinations, including NAIC coordinated, multi-state exams on larger entities. These reviews included NAIC annual, quarterly, and monthly statements; audited CPA reports; internal control reports; Management Discussions and Analyses; actuarial filings; management agreements; affiliated agreements; surplus notes; corrective action plans; dividend distribution requests; CMS State Certification request forms; reinsurance agreements; assignment and assumption agreements; insurance documents; deposit monitoring; consent orders; and issues related to compliance with the statutes and Statements of Statutory Accounting Principles.

The Unit conducts actuarial reviews, field examinations and analyses of financial statements and reports. These tasks are performed through desk reviews, on-site financial examinations and targeted reviews of financial conditions. Reviews are conducted of all new insurers desiring entrance to the Florida marketplace as well as any material changes in ownership of insurers domiciled in Florida.

The Office developed performance measures and standards to assess the performance of its activities. In 2003, the Office changed its emphasis from production-based measures to efficiency-based measures. With this change the Financial Surveillance activity was measuring the percentage of financial reviews completed within set standards (90 days). During the 2003-2004 Fiscal Year, 90% of all financial reviews were completed within the desired set of standards.

As part of the Office's involvement with the NAIC, the financial surveillance areas participate in the Financial Regulation Standards and Accreditation Program. The objective of the accreditation program is to provide consistent solvency regulation of multi-state insurance companies with an emphasis on developing minimum solvency laws and regulations standards, effective and efficient financial analysis and examination processes, and appropriate organizational and personnel practices. In 2003, an independent review team reviewed the Office and awarded its third consecutive accreditation.

Life and Health Financial Oversight

Life and Health Financial Oversight monitors the solvency of life and health insurers licensed to do business in the State of Florida. The Unit reviews all new insurers desiring entrance into the Florida marketplace, as well as any material changes of ownership of insurers domiciled in Florida.

Life and Health Financial Oversight Accomplishments and Actions in 2004

- Completed financial reviews and analyses on all licensed entities;
- Provided recommendations for discount medical plan legislation, as well as other solvency issues;
- Implemented the Discount Medical Plan legislation;
- Provided information and updated the Office's website regarding licensing, filing requirements, and HMO financial summaries and enrollments;
- Completed examinations of life and health insurance company and health maintenance organization actuarial reserves and liabilities;
- Issued certificates of Valuation, as needed;
- Reviewed domestic company actuarial opinions, regulatory asset adequacy issues summaries, and several actuarial memoranda;

- Reviewed risk based capital reports and subsequently corrected any errors that were identified during report reviews; and
- Completed and issued final reports on 12 statutory financial examinations during the period of July 1, 2004 through June 30, 2005.

Property and Casualty Financial Oversight

Property and Casualty Financial Oversight is responsible for ensuring the financial stability of property and casualty insurers by providing ongoing financial analysis and appropriate regulatory action.

During 2004, Florida was impacted by the landfall of four major hurricanes. Hurricanes Charley, Frances, Ivan and Jeanne resulted in 1.66 million reported claims totaling over \$21 billion in damages. The efforts of the Property and Casualty Financial Oversight staff were a major contributor to the fact that only one property insurer was rendered insolvent as a result of the 2004 hurricane season. Some of those efforts include:

- Before hurricane season began a data call was made to ensure each property insurer had sufficient reinsurance in place to withstand at least two major storms. This included reviewing catastrophe loss modeling, comparing that to an insurer's catastrophe reinsurance program and confirming that at least one reinstatement of the reinsurance cover is in place;
- Within two weeks after Hurricane Charley made landfall, the unit developed a web-based disaster reporting system to monitor the financial impact of a storm and the claims settling progress of each insurer. The data produced by this storm provided information useful not only in financial oversight, but also provided critical information to other agencies, as well as the Governor, Cabinet and Legislature. This reporting system was subsequently used in a multi-state effort coordinated by the NAIC to collect data for the 2005 Hurricane Season, which impacted the states of Florida, Alabama, Mississippi, Louisiana, and Texas; and
- Using the data provided by the disaster reporting system, P&C Financial Oversight was able to more promptly communicate with insurers shown to have solvency issues. These efforts led to the recapitalization of insurers of almost \$1 billion.

Property and Casualty Financial Oversight Accomplishments and Actions in 2004

- The number of regulated entities increased from 165 domestics in 2003 to 174 in 2004 and 1,191 foreign and alien entities in 2003 to 1,247 in 2004;
- Property & Casualty Financial Oversight is responsible for reviewing proposals for the depopulation of Citizens Property Insurance Corporation. During 2004, four insurers had depopulation plans approved and a total of 158,416 policies were moved from Citizens to private insurers throughout the year;
- 43 financial examinations of property and casualty insurers were completed during 2004, compared to 39 exams completed during 2003. All of the examinations were completed within the 18-month completion requirement;
- 68 new property and casualty insurers were licensed during 2004, including 10 domestics and 58 foreign insurers. This compared to a total of 62 new insurers in 2003, 10 domestic and 52 foreign;
- 202 applications were reviewed during 2004, compared to 190 during 2003;
- The average number of days to complete the review of an application was reduced 11%, from 66 days in 2003 to 59 days in 2004; and
- The Unit completed a financial review of 3,420 quarterly statements and 2,261 annual statements during 2004.

Specialty Product Administration

The Specialty Product Administration business unit is responsible for the regulation and oversight of insurance administrators, continuing care retirement communities, motor vehicle service agreement companies, home warranty associations, service warranty associations, service warranty manufacturers, premium finance companies, donor annuities, legal expense corporations and viatical settlement providers.

Specialty Product Administration Accomplishments and Actions in 2004

The accomplishments of the Specialty Product Administration business unit during this reporting period include those that are briefly described below:

- Completed 122 on-site field examinations and 1,788 in-house financial statement reviews and analyses;
- Proposed legislation that, among other things, requires insurance administrators to file annual audited financial statements. This legislation passed in 2005 and is substantively consistent with the NAIC Model Act for insurance administrators;
- Initiated and assisted in rule revisions developed to reflect previous changes in premium finance company statutes;
- Enhanced internal procedures for monitoring fidelity bond expiration dates. This helps to ensure that companies maintain compliance with statutory requirements;
- Improved response time in notifying companies of late Annual Report filings, and initiated fines and other appropriate administrative actions more efficiently;
- Reviewed applications for 9 different licensure types;
- Revised forms to promote as much consistency as possible among the various license types for more uniformed analysis, and to facilitate anticipated electronic filing and receipt of financial reports; and
- Proposed legislation to make investments in viatical settlements “securities”, subject to regulation under Florida’s securities laws. This legislation, with modifications, passed in 2005.

Product Services

The Office is responsible for the review of form and rate filings submitted by insurers. Form filings include policy forms (contracts), new products or changes to existing products. Rate filings are requests from the insurer to either increase or decrease the rates of certain products. These policy forms and rates receive rigorous review by the Office staff to determine their compliance with Florida Statutes and to ensure that the products are offered at a fair and adequate price and that they do not unfairly discriminate against the public.

Filing requirements and pre-approval for products have a stabilizing effect on rates, help to avoid dramatic changes in rates, and encourages regular changes over time. Accordingly, the challenge is to facilitate objective competition while maintaining a rate and coverage environment that meets the needs of both consumers and the insurance industry.

There are many issues that can affect the affordability and availability of insurance to consumers. These issues include the rising cost and decreased availability of health insurance, medical malpractice insurance, workers' compensation insurance, and the advent of credit scoring. So diverse are the issues surrounding policy forms and rates that review activities are divided into two units of expertise: Life and Health and Property and Casualty.

Life and Health Product Review

The core function of the Life and Health Product Review Unit is to review life, annuity, accident, health and viatical settlement products and coverages prior to issue to Florida residents. This area is also charged with the review of the reasonability of rate change requests associated with health and managed care benefit contracts. Review criteria for these products are based on over 1,400 statutes and nearly 400 administrative code regulations.

During calendar year 2004, this area received policy form filings from 330 different companies providing life, annuity or viatical settlement products. Four hundred and seventy nine (479) companies submitted accident, health and managed care products and associated rates for review during this same period. In total, this area received 6,937 filings submissions, which reflected a 13.52% increase in accident, health and managed care product and/or rate change submissions from the previous year. In comparison to 2003, the overall number of submissions processed by this Unit in 2004 increased by 3.15% from 6,575 in 2003 to 6,782 in 2004.

The timeliness of the reviews performed by the Life and Health Product Review Unit also saw improvement as compared to those conducted in 2003. Nearly 70% of the Life and Health Product Review Unit rates reviews were completed in 30 calendar days or less. And, approximately 90% of 2004 reviews were completed within 45 calendar days or less.

The number of reviews and the average calendar days in which the reviews were completed is as follows:

Product Type	Number of Filings	Average Processing Time
Accident And Health	3,590	45
Credit Disability	35	25
Credit Life	40	26
Fraternal Health*	15	27
Fraternal Life*	44	27
Group Life And Annuities	218	30
Health Flex Plan*	5	70
Health Maintenance Organizations	406	18
Prepaid Limited Health Plans Regulated under Chapter 636, FS	117	30
Life	1,561	25
Variable Annuities	488	47
Variable Life	234	28
Viatical Settlement Provider	29	13
All Product Types	6,782	35

*these products do not fall under the requirement of insurance policy filings pursuant to F.S. 627.410.

Life and Health Product Review Accomplishments and Actions in 2004

The accomplishments of the Life and Health Product Review Unit during this reporting period include those that are briefly described below:

- The Florida Office of Insurance Regulation approved the first annuity contract filing in 2004, under its new MSRP. This program established by Florida, Texas and California, uses Florida's online I-File system for company policy filers to submit their contract filings. Filings are subject to the annuity review standards approved by the three states. Participating insurance companies see a noticeable increase in their product's speed to market and a reduction in administrative costs. Each paperless submission offers insurers the opportunity to obtain product approval in 60 days or less;
- The Florida Office of Insurance Regulation presented its annual 2004 Florida Insurance Filing & Compliance Symposium to 250 attendees making this the largest event of this type ever presented by the Office. This successful two-day event included attendees from property & casualty and life & health insurance companies. The program included presentations on the Office's new I-File system, new legislation, current topics and the nuts and bolts on how companies could better meet their speed to market goals by having their policy forms and rates reviewed and approved in a shorter period of time;
- The Office served on the NAIC committee and sub-groups designated to develop standards for an Inter-State Compact. The Compact is to be made up of all states. The Compact would allow companies to submit their life, annuity, disability income and long-term care policies and, upon approval, be allowed to market those products in each of the participating states; and
- Legislation was passed in 2004 providing for the Office to regulate discount medical plans. The legislation required that discount medical plan organizations submit their forms and rates for approval before being marketed to Florida residents. The legislation set new compliance standards for companies and marketers in the discount medical plan market.

Property and Casualty Product Review

The Property and Casualty Product Review Unit is primarily responsible for the review of property and casualty rule and rate filings for homeowners, private passenger auto, workers' compensation, liability, and other personal and commercial property and casualty lines of coverage. The Office must approve all policy forms and endorsements prior to use by an insurer.

Insurance company rates and underwriting rules are reviewed from an actuarial perspective to ensure compliance with the Florida Insurance Code. Of key importance is assuring that rates are not inadequate, excessive, or unfairly discriminatory.

Other duties involve enforcement of the Excess Profits Laws as they relate to motor vehicle and workers' compensation insurance. Forms and rates for various lines of insurance are reviewed which include, but are not limited to: private passenger automobile; homeowners; farm owners; mobile homeowners; personal inland marine; auto and home service warranty; boiler and machinery; burglary and theft; commercial fire and allied lines; dwelling fire and allied lines; glass; fidelity; surety; bond; financial guaranty; mortgage guaranty; and personal liability and personal umbrella liability insurance lines.

The number of filings reviewed and the average time in days in which this was accomplished are provided below:

Product Type	Number of Filings	Average Processing Time
Aggregate (All Lines)	7,450	30.28
Aircraft	6	1.17
Allied Lines (Flood & Time Element)	33	34.47
Auto Warranty	454	9.61
Bailbonds	7	6.80
Boiler & Machinery	44	9.38
Burglary & Theft	137	15.52
Commercial Auto (Full Coverage or Liability Only)	697	17.44
Commercial Auto Physical Damage Only	62	16.96
Commercial Multi-Peril	699	26.00
Credit	77	20.25
Earthquake	3	2.66
Farmowners Multi-Peril	59	16.04
Fidelity	89	14.09
Financial Guaranty	6	47.70
Glass	9	7.77
Home Warranty	82	11.44
Homeowners Multi-Peril	486	49.84
Industrial Extended Coverage	3	13.70
Industrial Fire	2	6.57
Inland Marine	258	16.66
Livestock & Live Animals (Pet Insurance, Animal Mortality)	14	34.13
Medical Malpractice	111	38.84
Misc Casualty (Incl. Identity Theft, Special Event, Travel)	37	33.73
Mobile Home Multi-Peril	134	53.23
Mobile Home Physical Damage Only	5	12.95
Mortgage Guaranty	55	6.02
Multi-Peril Crop (Crop Hail)	15	14.24
Ocean Marine	8	3.06
Other Liability	1,666	27.71
Other Warranty	4	5.12
Premium Finance	49	14.23
Prepaid Legal	54	13.71
Private Passenger Auto (Full Coverage or Liability Only)	772	75.54
Private Passenger Auto Physical Damage Only	211	13.28
Property (Fire)	670	32.24
Service Warranty (Extended Warranty)	128	13.56
Service Warranty Manufacturers (At The Point-Of-Sale)	6	25.36
Surety	75	19.43
Title	2	40.65
Workers' Compensation	221	22.27

Part II- Company Activities

This section provides a summary of companies authorized to transact business in Florida and contains financial information for those companies. Some information contained herein is reported on the Fiscal Year 2004-2005 basis (July 1, 2004 - June 30, 2005).

**Florida Voluntary Private Passenger Automobile Experience

Consumer Complaint Ratios for CY2004
pursuant to Section 624.313(1)(i), F.S.
as submitted by FL-DFS to NAIC Complaint Database (CDS)

Rule 690-142.002 of the Florida Administrative Code implements the publication requirements of Section 624.313, F.S., which requires the Office to publish complaint ratios for the 10 largest insurers or insurer groups by line of insurance and each insurer or insurer group that has 1 percent or more of a line of insurance in this state. This rule does not apply to private passenger automobile insurance coverages.

1. A complaint index of 1.00 will indicate that the insurer has received a proportionate number of complaints as compared to the market share of direct written premium for a particular line of insurance.
2. A complaint index of less than 1.00 will indicate that the insurer has a complaint share that is less than their market share of direct written premium for that particular line of insurance.
3. A complaint index of more than 1.00 will indicate that the insurer has a complaint share that is more than their market share of direct written premium for that line of insurance.

For purposes of this complaint index reporting:

“Complaint” means any written communication, by an insured or named beneficiary, primarily expressing a grievance or dissatisfaction over which the Office has regulatory authority. Complaints which will not be used to calculate the complaint index include complaints against an incorrect entity; complaints against companies providing administrative services for self-funded benefit plans; complaints regarding properly filed or approved rates; suspected fraudulent claim complaints; and complaints which are duplicative, harassing or frivolous.

“Complaint Index” means an index derived by dividing the complaint share by the market share for a specific insurer by line of insurance.

“Complaint Share” means the percentage of complaints received by the Office relevant to an insurer for any given line of insurance when compared to the total complaints received by the Office for that line of insurance.

“Direct Written Premium” means a consideration paid, or to be paid, to the insurer for the issuance and delivery of any binder or policy of insurance or annuity written directly to the consumer.

“Market Share” means the percentage of the direct written premiums when compared to the total direct written premiums in the State of Florida for a given line of insurance.

All Property

Consumer Complaint Ratios for CY2004
pursuant to Section 624.313(1)(i), F.S.
as submitted by FL-DFS to NAIC Complaint Database (CDS)

Rule 690-142.002 of the Florida Administrative Code implements the publication requirements of Section 624.313, F.S., which requires the Office to publish complaint ratios for the 10 largest insurers or insurer groups by line of insurance and each insurer or insurer group that has 1 percent or more of a line of insurance in this state. This rule does not apply to private passenger automobile insurance coverages.

1. A complaint index of 1.00 will indicate that the insurer has received a proportionate number of complaints as compared to the market share of direct written premium for a particular line of insurance.
2. A complaint index of less than 1.00 will indicate that the insurer has a complaint share that is less than their market share of direct written premium for that particular line of insurance.
3. A complaint index of more than 1.00 will indicate that the insurer has a complaint share that is more than their market share of direct written premium for that line of insurance.

For purposes of this complaint index reporting:

"Complaint" means any written communication, by an insured or named beneficiary, primarily expressing a grievance or dissatisfaction over which the Office has regulatory authority. Complaints which will not be used to calculate the complaint index include complaints against an incorrect entity; complaints against companies providing administrative services for self-funded benefit plans; complaints regarding properly filed or approved rates; suspected fraudulent claim complaints; and complaints which are duplicative, harassing or frivolous.

"Complaint Index" means an index derived by dividing the complaint share by the market share for a specific insurer by line of insurance.

"Complaint Share" means the percentage of complaints received by the Office relevant to an insurer for any given line of insurance when compared to the total complaints received by the Office for that line of insurance.

"Direct Written Premium" means a consideration paid, or to be paid, to the insurer for the issuance and delivery of any binder or policy of insurance or annuity written directly to the consumer.

"Market Share" means the percentage of the direct written premiums when compared to the total direct written premiums in the State of Florida for a given line of insurance.

Summary of the Findings of Market Examinations pursuant to Section 624.313(k), F.S.

Market Investigations conducts examinations and investigations of insurers and related parties regarding business practices and patterns of alleged violations of the Florida Insurance Code. Market Investigations is comprised of four sections; Property and Casualty Section, Life and Health Section, Unauthorized Entities Section, and Market Analysis Section.

The Property and Casualty and Life and Health Sections conduct examinations and investigations of the business practices of authorized insurers in the State of Florida to ensure compliance with the Florida Insurance Code. The Unauthorized Entities Section investigates allegations of unauthorized and illegal insurance activity. The Market Analysis Section identifies trends and analyzes patterns of insurer's data related to industry or marketplace issues, i.e., consumer complaints, financial trending, environmental scanning, etc. The purpose of these activities is to ensure compliance with Florida Statutes and Administrative Rules. Based on the findings of the examinations and investigations, Market Investigations may take administrative action, impose administrative penalties and require corrective action in order to protect insurance consumers from unlawful or harmful business practices.

The Florida Office of Insurance Regulation posts summaries of regulatory actions taken by this unit at: http://www.floir.com/market_conduct/is_market_conduct_index.htm

Medical loss ratios are generally used as an indicator to determine the percentage of the HMO's premium dollars which are used to pay claims. It is calculated by dividing incurred losses by total revenue. Although the medical loss ratio is a ratio which is used to determine the percentage of premium dollars which are spent to pay claims, it is only one indicator among many which address the quality of health care provided by the HMO.

- A = Licensed as HMO in 2004
- B = Currently exiting the HMO Florida market
- C = Licensed as HMO in 2002, but has no enrollment
